

Public Funding "*Support the Investigation*"

Justice Watch New Zealand is a society established to act in the public interest. We are entirely self-funded and rely on public donations.

The Constitution of Justice Watch New Zealand authorizes the Society to undertake investigations and become involved in legal proceedings. This necessarily involves significant investigation, preparation, and expense.

The current funding requirement is to support a criminal investigation into alleged COVID-19 vaccine-induced death and serious harm in New Zealand. The investigation is ongoing, has substantially progressed, and requires additional funding to bring it to its conclusion.

Where the evidence establishes criminal offending, Justice Watch New Zealand will do everything within its ability to ensure that appropriate criminal prosecutions follow.

Justice Watch New Zealand believes that serious allegations affecting the health and safety of New Zealanders deserve careful, independent investigation. Public support enables that work to continue.

What Your Donation Will Support

- Skilled factual and legal investigation. *
- The objective of Court-ready prosecution material.
- Periodic legal reviews through independent criminal law experts.
